

London and Home Counties Boxer Club

Championship Show

Saturday 19 October 2024

Thank you for the invitation and special thanks go to Viv Nicks and Nigel Utting for taking care of me so well. I had the best stewards, who made my job much easier.

I was so happy to judge your show once again. It was back in 1986 when I awarded CCs for you at my first show in the UK.

I have followed the breed in the UK since the 60s and have judged CC-shows ten times. As an all-round judge I have judged Boxers on all continents.

It is sad that the entry has gone down so much but I was very happy with my 120. My overall impression is that you have really good Boxers, with excellent outlines, alongside short backs and good angulation. Heads have good proportions and you do not see the ultrashort muzzles as in other countries. What I do not like is such deep wrinkles on the skull and flesh, instead of bone in the muzzle.

Lip-to-lip placement is rarely to be found. When I dug into the mouths, I found very small teeth. Only a single one had what the standard asked for: wide under jaw with big teeth. Eyes colour is no problem, but a few too small. Necks and backs excellent. Chest deep enough, but some could have more fore chest. Some too straight in front and pastern. Feet are not as good as they used to be. Gait is good sideways, but toeing in the front is common. Coat and colour no problem, but I hope the reds are coming back. I do not like the way you use chalk and coal. Temperament overall excellent. Just one or two not so happy. Condition has improved. Most of the dogs must have a good life with a lot of exercise.
